

# Annual Report

२०७४/७५ (२०१७/१८)

National Association of PLWHA in Nepal  
(NAP+N)

## **FOREWORD**

As our 14 years in operation came to an end, it is time to reflect on what we have achieved to date, and on how we can continue our fight for PLHIV in the country. With the HIV funding crisis taking toll everywhere, our work in 2017/18 has proven increasingly more challenging and demanding. PLHIV funding is under real threat at a time when it is critically needed. We have, however, completed our work, executed our advocacy campaigns and managed to achieve some good results.

Pursuing the ambitious 90-90-90, involvement of PLHIV & PLHIV led organization is a MUST if we were to achieve or get near to it. So, our fight was get involved in the matter thick & fast. We managed to secure all the Care & Support Program under Global Fund which is currently being implemented through our Partner CBOs in almost 59 districts of nation. Funding shortage led many Community Based Organization (CBOs) disappeared but after getting Care & Support Program many CBOs were back in business to work in a full throttle to achieve the target.

Treatment access continues to be a key focus of work, implementing Community Care Centers (CCC) and proving Care & Support services outside the Facility (CHBC) many people were reached and initiated the much needed ARVs. Our CBOs have played a vital role in sample collection for Viral Load Tests all over the country. Furthermore, access to 2<sup>nd</sup> and 3<sup>rd</sup> line HIV medicines remains a big challenge for many people in our country. Hep C still a major problem for us, access to treatment is limited. A lot still has to be done. We manage to provide treatment for few but a greater number of are out there waiting for treatment.

The following section contains highlight of our achievements which we managed after a long year of hard work. Many thanks to our Secretariat team, Program implementing partner CBOs and our donors as well.

## **ABBREVIATION**

AIDS	: Acquired Immuno-deficiency Syndrome
APN+	: Asia Pacific Network of PLHIVs
ARV	: Anti-Retroviral Drugs
ART	: Anti-Retroviral Therapy
CABA	: Children Affected by AIDS
CBOs	: Community Based Organizations
CCC	: Community Care Centers
CCM	: Country Coordinating Mechanism
CHBC	: Community Home-based Care
GFATM	: Global Fund to Fight AIDS, Tuberculosis & Malaria
HIV	: Human Immuno-deficiency Syndrome
Hep C	: Hepatitis C
IDUs	: Injecting Drug Users
INGOs	: International Non-Government Organizations
MATA	: Monitoring of Access to Treatment for PLHIVs in Nepal
NCASC	: National Centre for AIDS and STD Control
NGOs	: Non-Government Organizations

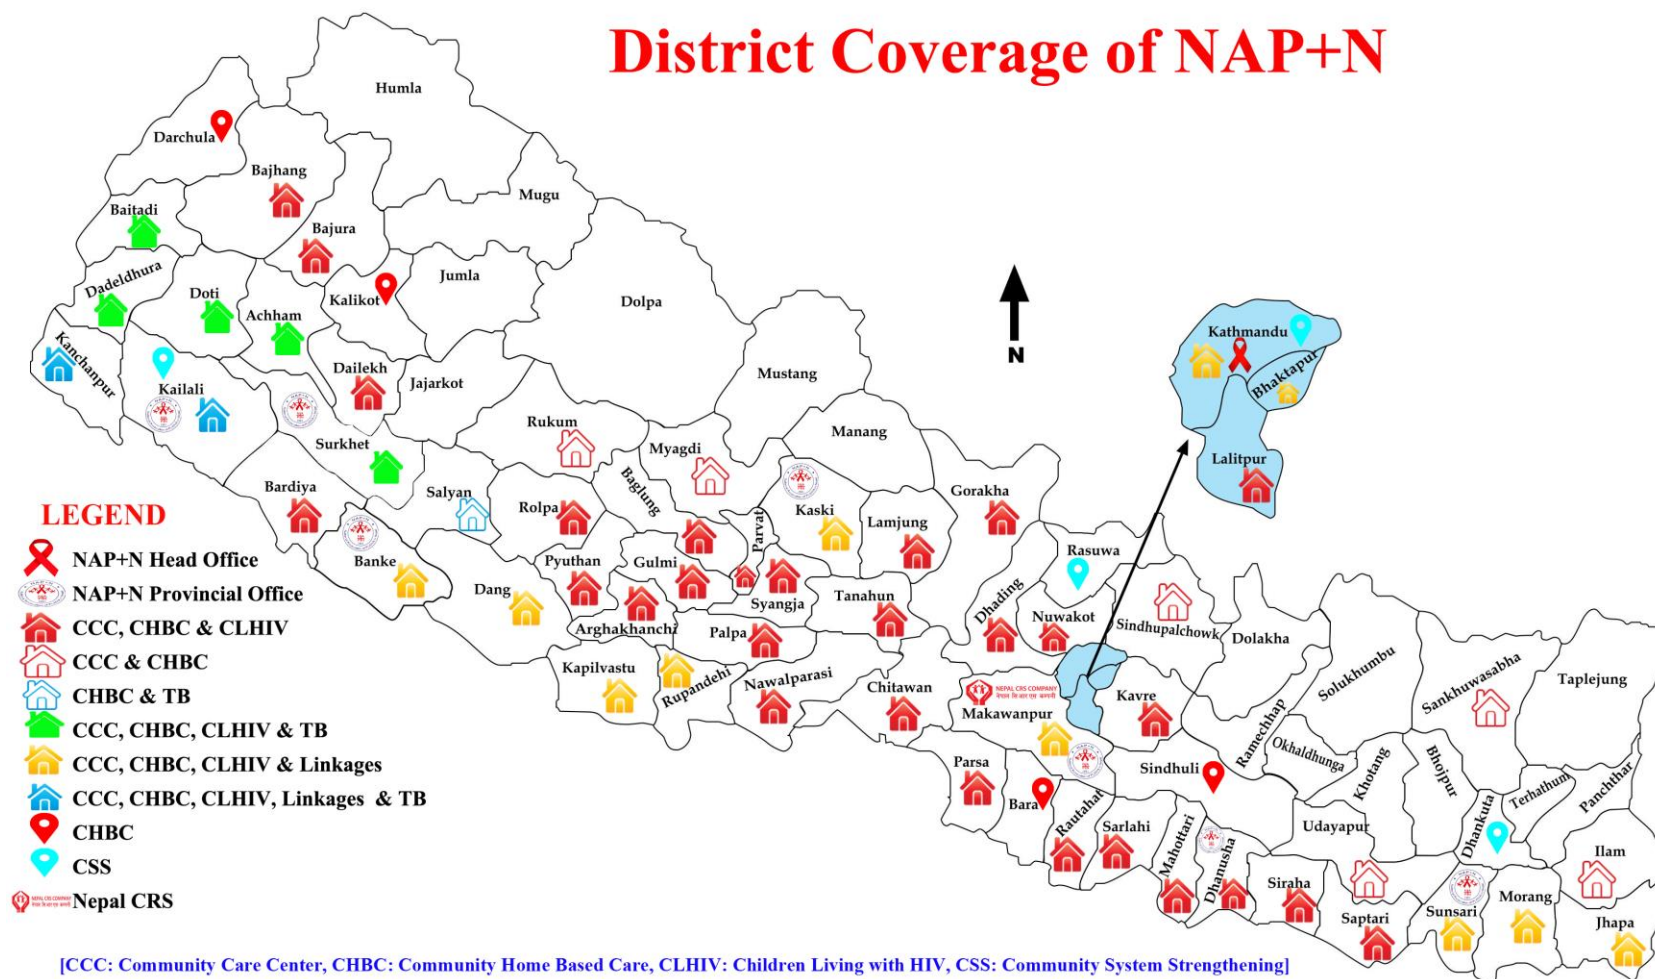

PLHA	: People Living with HIV & AIDS
PLHIV	: People Living with HIV
S & D	: Stigma and Discrimination
STIs	: Sexually Transmitted Infections
TB	: Tuberculosis
UN	: United Nations
VCT	: Voluntary Counseling and Testing

## COVERAGE MAP

### District Coverage of NAP+N

## **INTRODUCTION**

### **MISSION:**

Strengthen the voice of PLHIV through formation and strengthening of networks and association of PLHIV to respond to the challenge of HIV and AIDS

### **VISION:**

Create a favorable environment for to access treatment, care and support for PLHA and ensure their quality of lives in Nepal.

### **GOAL:**

To improve quality of life of PLHIVs to respond to the challenges faced by PLHIVs through Greater and more meaningful involvement of PLHA (GIPA) in program and policy development.

### **TARGET GROUPS:**

All people of Nepal Living with HIV and AIDS are the main target for positive prevention.

- Injecting Drug users (IDUs)
- Sex workers (FSWs)
- Client of Sex workers (CSWs)
- Male Sex with Male (MSM-Sexual minorities) and
- Seasonal Labor Migrants (SLMs) and their spouses
- People Living with and affected by TB

## **ABOUT NAP+N**

### **Introduction of the organization**

The National Association of People living with HIV and AIDS (NAP+N) was established after the first national consultation of PLHIVs in 2003. This historic event, succeeded in bringing 30 PLHIV participants from across the country to agree to one common goal: to unite all those living with the virus in Nepal and fight back.

NAP+N has focused on building the capacity of local PLHIV groups to respond appropriately to the needs of PLHIVs in area of advocacy, care and support, counseling, raising community awareness, providing information and education and improving access to the healthcare and legal services. NAP+N is the largest network of grassroots organizations working on the frontlines of this concentrated epidemic.

At the national level, NAP+N represents in NAC, NACC, HIV Board and CCM as well represents in various national committees and works closely with NCASC, UN theme groups, governments, national and international organizations. Internationally, NAP+N have formal relationships with numerous national and international agencies including Global Fund, Save the Children, USAID, Pooled Fund, APN+. NAPN has focused on building the capacity of local PLHIV groups to respond appropriately to the needs of PLHIVs in area of advocacy, care and support, counseling, raising community awareness, providing information and education and improving access to the healthcare and legal services. NAPN is the largest network of grassroots organizations working on the frontlines of this epidemic.

NAP+N is committed towards the promotion of autonomy and empowerment of PLHIVs which will help them make informed decision. NAP+N ensure that PLHIVs are in the forefront of policy making debates and their meaningful involvement at all levels is essential. The network is working towards multi-

sector collaboration and aims to develop strong working partnership with Non-governmental Organizations (NGOs), the government and the private sectors.

Currently there are over 75 organizations affiliated to NAP+N. NAP+N currently has 7 Provincial offices in Dharan (Province 1), Janakpur (Province 2), Chitwan (Province 3), Pokhara (Province 4), Nepalgunj (Province 5), Surkhet (Province 6) and Dhangadhi (Province 7). NAP+N has its central secretariat in Samakhushi, Ring Road, Kathmandu.

The NAP+N and other Provincial Offices are responsible for formulating programs as per policy and plans, implementation, use of financial resources and accountability, and monitoring and evaluation. NAPN is currently implementing the Nepal Government Targeted Intervention Program on PLHIV component that supports in improving access to treatment, care and support services and removing human rights related barriers to services for PLHIV in 57 districts of Nepal. NAPN also works on network strengthening by providing assistance to 7 Provincial offices and the central Secretariat with the support from FHI/Linkages Nepal project and Save the Children/Global Fund. Similarly, Asia Pacific Network of PLHIVs (APN+) has supported for the Advocacy and capacity building on Hepatitis C, HIV Co-infection and sexual reproductive health rights and Monitoring of Access to Treatment.

During this five years NAP+N has expanded its network to bring the grass root level organization in one umbrella, approaching the different mobilization for its members, also by exposing PLHIVs in the society for positive prevention and capacity building of the grass root level organizations.

## **Objectives**

- To act as an umbrella organization for PLHIV led organizations in Nepal and ensure universal access on treatment and care of PLHIV in Nepal.

- To organize capacity building programs to strengthen the network and its member organizations.
- To build network and alliance with international PLHIV organizations to foster HIV response.
- To advocate lobby and facilitate mainstreaming of PLHIV issues in the National agenda.
- To increase meaningful involvement of PLHIV including key populations to achieve national goals in response to HIV epidemic in Nepal.
- To facilitate and improve access to treatment, care and support for PLHIVs in Nepal.
- To represent Nepalese PLHIV in international policy decision making bodies, associations, conferences and various platform.
- To strengthen the active involvement of media, politicians, private sectors and civil society to act against stigma and discrimination related to HIV.

## **Human Resource**

NAP+N has an inclusive human resource policy. In 2018, NAP+N had 43 staffs and 8 volunteers, of whom 26 were men and 17 were women. NAP+N is committed to gender equity and diversity and we are positively progressing in terms of diversifying our staff composition.

NAP+N currently has two levels i.e Provincial and Central level. NAP+N has its central secretariat in Samakhushi, Ring Road, Kathmandu, is responsible for strategic planning, project and programme design, donor counterpart and partner relations, concluding project and programme agreements, financial management, policy and goal setting, organizational structure, staffing, implementation of programme and project activities, monitoring and evaluation. And, Provincial offices of Dharan, Janakpur, Chitwan, Pokhara, Nepalgunj, Surkhet and Dhangadhi are responsible for execution of programs and advocacy on related issues.

## 2074/75 BY THE NUMBERS

### Community Care Center (CCC) Services

District Covered	52
Number of New PLHIV received services from CCC	5391
Number of Follow-up PLHIV received services from CCC	4932
Number of PLHIV admitted to CCC to start ART	968
Number of PLHIV received counseling services from CCC	5427
Number of PLHIV received nutritional support from CCC	6083
Number of PLHIV referred for management of OI	565

### Community and Home Based Care (CHBC) Services

District Covered	57
Number of New PLHIV who received CHBC services	6687
Number of PLHIV referred for PMTCT services	10

### CLHIV Cash Transfer Program

District Covered	46
Children enrolled in Cash Transfer	1358

### **Prevention Programs for Other Vulnerable Populations**

#### **(Migrant & Their spouses)**

District Covered	4
Number of labor migrants reached through outreach and peer education	27834
Number of spouses reached through outreach and peer education	29998
Number of male condom distributed to MARP	346667
Number of MARPs and vulnerable people tested with results provided	27546
Number of Diagnosed cases	34

#### **TB Program**

District Covered	8
No of Dots Center linked in Courier System	147
Number of Presumptive TB cases Sputum to be collected for courier	465
Number of TB cases diagnosed at Sputum Microscopy	9
Number of Visits to Household of PBC and all Child cases	237
No of TB cases diagnosed at Sputum Microscopy	7
No of Family members of DR TB cases Screened	180
No of Presumptive DR TB identified during screening	11
No of Hospital linked for screening of malnourished and ARI Cases	3
No of Childhood TB clinically Diagnosed	18
Number of under 5 children identified during household contact tracing	75
No of Children enrolled under IPT	75

### **Community System Strengthening (CSS)**

District Covered	15
Number of PLHIV received Treatment Support	506
Number of PLHIV received Nutrition Support	510
Number of PLHIV received Hygiene Support	500

## **LIST OF PROJECTS**

### **I. Targeted Intervention Services for PLHIVs**

Targeted intervention program is one of the project supported by National Center for AIDS and STD control and this project is implemented by National Association of PLHA in Nepal since 6th April to 16th July 2018 in 57 districts of Nepal. The main objective of the project is to decrease the episode of stigma and discrimination and increased the access to treatment, care and support services for PLHIV to essential social support services. During this three month and eight days NAP+N-TI has tried to expand its network to bring the grass root level organization in one umbrella, approaching the different mobilization for its members, also by exposing PLHIVs in the society for positive prevention and capacity building of the grass root level organizations improving access to treatment, care and support services and support to remove the human rights related barriers to services through involving innovative approaches in 57 districts.

#### **Project Goal:**

To provide support in improving access to treatment, care and support services and removing human rights related barriers to services.

#### **Working Districts:**

Achham, Arghakhachi, Baglung, Baitadi, Bajhang, Bajura, Banke, Bara, Bardiya, Bhaktapur, Chitwan, Dadeldhura, Dailekh, Dang, Darchula, Dhading, Dhanusha, Doti, Gorkha, Gulmi, Ilam, Jhapa, Kailali, Kalikot, Kanchanpur, Kapilvastu, Kaski, Kathmandu, Kavre, Lalitpur, Lamjung, Mahottari, Makwanpur, Morang, Myagdi, Nawalparasi, Nuwakot, Palpa, Parbat, Parsa, Pyuthan, Rautahat, Rolpa, Rukum, Rupandehi, Salyan, Sankhuwasabha, Saptari, Sarlahi, Sindhuli, Sindhupalchok, Siraha, Sunsari, Surkhet, Sangja, Tanahun and Udayapur.

**Target Population:**

- Injecting Drug Users
- Sex Workers
- Client of Sex Workers
- Male Sex with Male
- Seasonal Labour Migrants & their spouses
- People Living with and affected by Tuberculosis

**Project Period:**

6<sup>th</sup> April, 2018 to 16<sup>th</sup> July, 2018

**Funding Agencies:**

Pooled Fund through Nepal Government National Center for AIDS and STD Control (NCASC).

**II. The Global Fund: HIV Program**

NAP+N has been implementing The Global Fund: HIV Program to implement CCC, CHBC Comprehensive package program in 57 districts through local PLHIVs led organization. This will fulfill the gap in HIV intervention program and will certainly support to achieve the goal established by the nation. Furthermore, they are mobilizing PLHIV to work for PLHIV which helps to address all needs and issues related to PLHIVs. As a result, the program has achieved its best outcomes in these years. By knowing these facts, Government has also developed the strategy to involve the PLHIV led organization for implementing the Targeted Intervention program for PLHIVs.

**Project Goal:**

To achieve optimized IRRTR 90-90-90 by 2020 and ending AIDS by 2030.

**Working Districts:**

Darchula, Baitadi, Dadeldhura, Bajhang, Bajura, Doti, Achham, Kanchanpur, Kailali, Kalikot, Dailekh, Surkhet, Salyan, Bardiya, Banke, Rukum, Rolpa, Pyuthan, Dang, Gulmi, Arghakhanchi, Kapilvastu, Myagdi, Baglung, Parvat, Kaski, Syangja, Palpa, Rupandehi, Lamjung, Tanahun, Nawalparasi, Gorkha, Chitwan, Dhading, Nuwakot, Makwanpur, Kathmandu, Bhaktapur, Lalitpur, Sindhupalchowk, Kavre, Sindhuli, Parsa, Bara, Rautahat, Sarlahi, Mahottari, Dhanusha, Siraha, Saptari, Udayapur, Sunsari, Sankhuwasabha, Morang, Jhapa & Ilam.

**Target Population:**

People Living with HIV and AIDS (PLHIVs) and their families.

**Project Period:**

16<sup>th</sup> March, 2018 to 31<sup>st</sup> December, 2018.

**Funding Agencies:**

Global Fund through Save the Children International.

**III. “Scaling up coverage and quality of HIV and AIDS prevention targeted to most at risk Population and treatment care and support service to PLHIV in Nepal”**

Since 2009, NAP+N is the partner organization of Save the Children International. NAP+N has been implementing project on “Scaling up coverage and quality of HIV and AIDS prevention targeted to most at risk Population and

treatment care and support service to PLHIV in Nepal” supported by Global Fund as sub recipient and is currently implementing it through its member CBOs in 4 districts.

**Project Goal:**

To achieve optimized IRRTR 90-90-90 by 2020 and ending AIDS by 2030.

**Working Districts:**

Dhankuta, Rasuwa, Kailali & Kathmandu.

**Target Population:**

People Living with HIV and AIDS (PLHIVs).

**Project Period:**

16<sup>th</sup> March, 2018 to 31<sup>st</sup> December, 2018.

**Funding Agencies:**

Global Fund through Save the Children International.

**IV. HIV care and support services among PLHIV in Nepal**

NAP+N has been implementing project on “HIV care and support services among PLHIV in Nepal” supported by LINKAGES Nepal. Since 2005, this program is continuously going on. NAP+N has conducted training need assessment and various need-based training and capacity building workshops including network and project management, evidence based advocacy and management information systems. NAP+N also serves a crucial role in increasing the capacity

of member organizations in the districts. NAP+N has also coordinated with the Saath-Saath project implementing partner agencies in the districts to improve coordination efforts in and resource allocation for HIV programming in the districts.

**Project Goal:**

Increased demand generation and availability of comprehensive prevention, care and treatment services, including reliable coverage across the continuum of care for KPs.

**Working Districts:**

Five Development Regions (Kathmandu, Bhaktapur, Jhapa, Morang, Sunsari, Kapilvastu, Rupandehi, Makwanpur, Kaski, Banke, Dang, Kailali and Kanchanpur) of Nepal.

**Target Population:**

People Living with HIV and AIDS (PLHIVs), Secretariats of Central and Five Provincial offices of NAP+N.

**Project Period:**

1 October, 2016 to 31 March 2018.

**Funding Agencies:**

LINKAGES Nepal

## **V. Monitoring of Access to Treatment for PLHIVs in Nepal.**

NAP+N has been implementing project on “Monitoring of Access to Treatment” supported by Asia Pacific Network of People Living with HIV and AIDS. Which is a research based Monitoring Access to Treatment in Asia (MATA) in Nepal and Advocacy and capacity building on Hepatitis C, HIV Co-infection and Sexual Reproductive Health Rights (SRHR). Community Access to Treatment (CAT) project has completed its first phase and entered into monitoring phase of research and is part of the Global Fund regional grant whereas the Hepatitis C and SRHR is funded by Robert Carr Foundation both of the projects are managed by APN+”.

This project has also conducted many meetings, community focused group discussions, surveys which is related to the livelihood of PLHIV.

### **Project Goal:**

To improve knowledge and understanding of issues related to PLHIV's access to treatment, care and support services in the region and use it for evidence-based advocacy and to streamline issues of Hepatitis C as co-infection and sexual and reproductive health as major issues among WLHIV in Nepal.

### **Working Districts:**

Five Development Regions of Nepal and Research is going on in Sunsari, Jhapa, Morang, Chitwan, Kathmandu, Lalitpur, Bhaktapur, Kavre, Nawalparasi, Kaski, Banke, Bardiya, Achham, Kailali, Kanchanpur and Doti districts.

### **Target Population:**

People Living with HIV and AIDS (PLHIVs), Hepatitis C co-infected individuals.

### **Project Period:**

16<sup>th</sup> July, 2016 to 15<sup>th</sup> July, 2018.

**Funding Agencies:**

Robert Carr Foundation both of the projects are managed by APN+.

**VI. TB Program**

TB is one of the most widespread infectious disease in Nepal which becomes the major public health problem. Tuberculosis (TB) is responsible for high morbidity among thousands of people every year in Nepal. TB ranks as the sixth leading cause of death in Nepal. World Health Organization (WHO) estimates prevalence of all types of tuberculosis cases for Nepal at 59000 (211/100K) while the number of all forms of incident cases is estimated around 43000 (156/100K). Tuberculosis infects about 45% of the total population. Every year about 45000 people develop active TB and out of them 20000 have infectious pulmonary disease and are able to spread the infection to others.

Currently NTC has implementing Tuberculosis program by two modalities that is one through existing government system and another is through SR method through NGO partnership. NAP+N, Save the Children (SCI) & National Tuberculosis Centre (NTC) agree to work collaboratively to carry out the National Tuberculosis Programme and to facilitate the delivery of services to the beneficiaries in Salyan, Surkhet, Achham, Baitadi, Dadeldhura, Doti, Kailali & Kanchanpur is also one of the implementing partner of Save the Children to run Tuberculosis program in Province 6 and 7. The main strategic interventions include active case finding, enrollment in treatment and Childhood TB prevention Through Isoniazide Preventive Therapy.

**Project Goal:**

Decrease the incidence of TB by 10% by 2020 based on re-assessment of TB burden figures to be conducted in 2015.

**Working Districts:**

Salyan, Surkhet, Achham, Baitadi, Dadeldhura, Doti, Kailali & Kanchanpur.

**Target Population:**

- TB and DR/TB suspects, patients, TB patients and their close contacts.
- HIV infected/affected vulnerable groups and
- Prisoners, migrants, street children, slum dwellers, factory workers, hard to reach populations and health care workers.

**Project Period:**

16<sup>th</sup> April, 2018 to 31<sup>st</sup> December, 2018.

**Funding Agencies:**

Global Fund through Save the Children International.

**VII. Community Access to Rehabilitation Project (CAR)**

Survivors Nepal requested a support of US Nepal Fund to support the community it started working with after the 2015 Nepal earthquake. The aim of the grant was to ensure that the communities of Thokarpa Village Development Committee (VDC) utilize the Nepal Government's rebuilding safer houses assistance scheme managed by National Reconstruction Authority (NRA).

With idealistic and stringent eligibility requirements, poor demand generation and lack of political will, the NRA was notoriously slow in moving the reconstruction process along. The CAR project facilitated in educating the community about the scheme, assisted in the application process, and ensured that the scheme agreement is signed.

**Working Districts:**

Sindhupalchok (Thokarpa).

**Project Period:**

1st June 2017 to 31st March 2018.

**Funding Agencies:**

US Boston Fund

**VIII. Evidence based Advocacy on community based testing and monitoring of quality services for key populations**

National HIV strategy 2016-2021 has also addressed PWID and TG population as key populations and recommended for institutionalize, identify, reach, recommend, test, treat and retain for all key populations in order to minimize HIV transmission. Community led and driven responses are essential for scaling up HIV prevention and treatment services for meeting the targets of 2020. For this, the role of community in prevention and testing is central. Capacity of people living with HIV and key population led networks to be strengthened in areas of researches, community based studies and gather evidence that can be interpreted into the effective tailored advocacy strategies.

The program gather evidence for community led prevention and testing services amongst KPs, assess policies, laws, legislation and other barriers as well as community-based testing that affect access to HIV services including HIV prevention, testing, treatment and other services associated for PWID and transgender people and developed advocacy strategies for programmatic intervention at that are community initiatives. Good practices and lessons learned of the project will advocate and tailor in national HIV response. This project has envisioned and designed to contribute national HIV responses in meeting 90-90-90 targets therefore the project will work closely with national HIV program actors.

**Project Goal:**

The overall goal of this program is to strengthen community capacity to improve access to quality HIV prevention, testing, treatment, care and support services among key populations in Nepal.

**Working Districts:**

Lalitpur, Chitwan & Kaski.

**Target Population:**

- People Living with HIV & AIDS
- People Who Inject Drugs
- Transgender People

**Project Period:**

April 2018- December 2020

**Funding Agencies:**

Global Fund through Save the Children International.

## **IX. Repackaging Project (Income Generating Activities)**

Nepal CRS Company is a pioneer social marketing company in Nepal which is distributing low-cost family planning (FP) material, maternal and child health (MCH) and other health products through its innovative social marketing strategies. NAP+N and CRS Company agreed to work together to uplift the socio-economic status of KPs through generating employment opportunities for female living and affected by HIV. In this project more than twenty female KPs working under a same roof and repackage the family planning materials as per the need of Nepal CRS Company.

### **Project Goal:**

Uplift the socio-economic status of female KPs.

### **Working Districts:**

Makwanpur based repackaging unit.

### **Target Population:**

- Female key populations.

### **Project Period:**

September 2017- August 2019

### **Funding Agencies:**

Nepal CRS Company.
